

## Are off-road vehicles (ORVs) ruining your holidays?

Are you **sick and tired** of the excessive noise, dust and harassment? Are riders trespassing on your property and destroying roads, vegetation, wildlife, wilderness areas and our public lands?

### **RELIEF IS ON THE WAY – A NEW LAW PROTECTS AGAINST ORV ABUSE**

**The new SB County ORV ordinance prohibits:** large stagings without permit; trespass on private and public property; excessive dust and noise; unlicensed ORVs on county roads. We also have a new force of Sheriff's deputies, code enforcement officers and a resident federal law enforcement ranger we can contact for relief. **There is no open riding in the Morongo Basin. There are big fines and jail time for repeat offenders. Riders can trailer to the Johnson Valley ORV Recreation Area.**
