

Good Morning (Afternoon)

My name is _____ and I live in the community of _____ in the Mojave Desert, which is in Senator Fuller's District. I am calling to urge Senator _____ to support the statewide SB 249, the re-authorization of the California Off-Highway Motor Vehicle Recreation Program, introduced by Senator Ben Allen. Sour district is a population hub supplying Off-Highway Vehicle riders to the desert, many of whom ride illegally due to the perception of many that the desert has hundreds of thousands of acres of open public land and private property. This is not the case. Better enforcement to minimize such illegal activity is needed. The Bureau of Land Management and local Law enforcement are dependent on the Grants and Cooperative Agreements Section of SB 249 for their law enforcement and restoration efforts. Your vote for SB 249 supports lawful OHV recreation, effective management, and resource protection.

Info: The East Mojave communities are in in Senator Jean Fuller's District
